

Curriculum Vitae

Name	Seong-Joon Koh, M. D., Ph.D.	
Country	Korea	
Organization	Seoul National University Boramae Hospital	
Current Position	Associate Professor, Department of Internal Medicine, Seoul National University Hospital, Seoul National University College of Medicine	

Educational Background

Master's degree of Medicine, Seoul National University, 2011
Doctor's degree of Medicine, Seoul National University, 2013

Professional Experience

Korean License # of Medical Practice: 75252
Korean Board of Internal Medicine: 10687
Korean Board of Gastrointestinal Endoscopy
Korean Board of Gastroenterology

Professional Organizations

Medical Internship, Seoul National University Hospital, 2002 - 2003
Residency in Internal Medicine, Seoul National University Hospital, 2003 - 2007
Epidemiologic Intelligence Service Officer in Korean Center for Disease Control (Military Service), 2007-2010
Clinical & Research Fellow, Department of Internal Medicine and Liver Research Institute, Seoul National University College of Medicine, 2010 – 2012
Clinical Assistant Professor, Department of Internal Medicine, Seoul National University Boramae Medical Center, MAR 2012 – AUG 2014
Visiting professor, Department of Gastroenterology and hepatology, Stanford University. JAN 2017-DEC 2017.
Associate Professor, Department of Internal Medicine, Boramae Medical Center, Seoul National University College of Medicine, SEP 2014 - MAR 2020
Associate Professor, Department of Internal Medicine, Seoul National University Hospital, Seoul National University College of Medicine, MAR 2020 - Present

Main Scientific Publications

Bidirectional relationship between atopic dermatitis and inflammatory bowel disease: A systematic review and meta-analysis	2020.06	J Am Acad Dermatol
Walnut phenolic extract inhibits nuclear factor kappaB signaling in intestinal epithelial cells, and ameliorates experimental colitis and colitis-associated colon cancer in mice	2019.06	EUROPEAN JOURNAL OF NUTRITION
Intermittent hypoxia promotes carcinogenesis in azoxymethane and dextran sodium sulfate-induced colon	2019.05	MOLECULAR CARCINOGENESIS

cancer model		
Tauroursodeoxycholic acid attenuates colitis-associated colon cancer by inhibiting nuclear factor kappaB signaling	2019.03	JOURNAL OF GASTROENTEROLOGY AND HEPATOLOGY
Matricellular protein periostin promotes colitis-associated colon tumorigenesis in mice	2019.03	CARCINOGENESIS
Complications of percutaneous endoscopic and radiologic gastrostomy tube insertion: a KASID (Korean Association for the Study of Intestinal Diseases) study	2019.03.	SURGICAL ENDOSCOPY
Psoriasis increases the risk of concurrent inflammatory bowel disease: A population-based nationwide study in Korea	2019.03	Indian Journal of Dermatology Venereology & Leprology
Hepatitis B Virus Infection Is Independently Associated With Advanced Colorectal Adenoma	2018.08	AMERICAN JOURNAL OF THE MEDICAL SCIENCES
Prevalence of advanced colorectal neoplasm is higher in liver transplant recipients	2018.05	TURKISH JOURNAL OF GASTROENTEROLOGY
Imiquimod-applied Interleukin-10 deficient mice better reflects severe and persistent psoriasis with systemic inflammatory state	2018.01	EXPERIMENTAL DERMATOLOGY
Five-Alpha Reductase Inhibitor and Breast Cancer Risk in Men: A Systematic Review	2017.08	ANNALS OF DERMATOLOGY
NF-kappa B activation correlates with disease phenotype in Crohn's disease	2017.07	PLOS ONE
Periostin in mature stage localized scleroderma	2017.06	ANNALS OF DERMATOLOGY
Stress and sleep quality in doctors working on-call shifts are associated with functional gastrointestinal disorders	2017.05	WORLD JOURNAL OF GASTROENTEROLOGY
Sarcopenia is associated with an increased risk of advanced colorectal neoplasia	2017.04	INTERNATIONAL JOURNAL OF COLORECTAL DISEASE
Obstructive sleep apnea is associated with an increased risk of colorectal neoplasia	2017.03	GASTROINTESTINAL ENDOSCOPY
Alcoholic Liver Disease Is Associated with an Increased Risk of Gastric Cancer	2017.01	DIGESTIVE DISEASES AND SCIENCES
Helicobacter pylori Eradication Modulates Aberrant CpG Island Hypermethylation in Gastric Carcinogenesis	2016.11	대한소화기학회지
Comparable Efficacy of a 1-L PEG and Ascorbic Acid Solution Administered with Bisacodyl versus a 2-L PEG and Ascorbic Acid Solution for Colonoscopy Preparation: A Prospective, Randomized and Investigator-Blinded Trial	2016.09	PLOS ONE
